

# Linking money-at-U\_S\_A

Cash sharing production for day  
cash results at 12:00

Linking money-at-money is your ability  
of date valuation for yielding wealth by  
personal webcashmotor

Your free Webcashmotor

starts to run in

**Universocial Cash Economy**

**ECONOMY 4G3W**

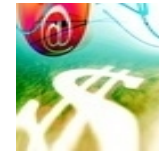

# Linking money is datevaluation of 10€ parcels, creating 1 link for each

Using your Personal Webcashmotor you have to cashput 10€ of your bank money to shift asset into the registered property of 1 parcel of your Personalized Webliving Savings.

You do got the ownership of 1 Owndated Webquantum containing 10€ in fusion with the time of your singular creation which enables you to share cash production sharing day after day multiplied cash results at 12:00 New York local time.

At WUW The Webcash Universocial Web you may get all information about your datevalors action.

After settings of your dynamic webcashaccount a robot places a stamp of time, date, year at the moment of every datevaluation.

Your Personal Webcashmotor bot have to work with web dates (timestock) and financial charges of money (allways 10€ parcels) for webrobotic cash results.

Linking money by 10€ parcels you control more and more your personal bank financial power

Bot have to work with web dates and money (allways 10€ parcels)

Because your  
Personalized Webliving Savings  
are pushed by web dynamic botcash 24/7, 365/365 for free

Owndated Webquantums by  
datevaluation of 10€ each 1.

Dynamic reserves of Personalized-Webliving-Savings
